Except as provided in subsection (k), the term does not include property owned by a corporation, partnership, limited liability company, or other entity not described in this subdivision.

(b) Each year a homestead is eligible for a standard deduction from the assessed value of the homestead for an assessment date. Except as provided in subsection (p), the deduction provided by this section applies to property taxes first due and payable for an assessment date only if an individual has an interest in the homestead described in

subsection (a)(2)(B) on:

(1) the assessment date; or

(2) any date in the same year after an assessment date that a statement is filed under subsection (e) or section 44 of this chapter, if the property consists of real property.

If more than one (1) individual or entity qualifies property as a homestead under subsection (a)(2)(B) for an assessment date, only one (1) standard deduction from the assessed value of the homestead may be applied for the assessment date. Subject to subsection (c), the auditor of the county shall record and make the deduction for the individual or entity qualifying for the deduction.

(c) Except as provided in section 40.5 of this chapter, the total amount of the deduction that a person may receive under this section for a particular year is the lesser of:

(e) Except as provided in sections 17.8 and 44 of this chapter and subject to section 45 of this chapter, an individual who desires to claim the deduction provided by this section must file a certified statement on forms prescribed by the department of local government finance, with the auditor of the county in which the homestead is located. The statement must include:

(1) the parcel number or key number of the property and the name of the city, town, or township in which the property is located;

(2) the name of any other location in which the applicant or the applicant's spouse owns, is buying, or has a beneficial interest in residential real property;

(i) The last five (5) digits of the individual's driver's license number.

(ii) The last five (5) digits of the individual's state identification card number.

(iii) The last five (5) digits of a preparer tax identification number that is obtained by the individual through the Internal Revenue Service of the United States.

(iv) If the individual does not have a driver's license, a state identification card, or an Internal Revenue Service preparer tax identification number, the last five (5) digits of a control number that is on a document issued to the individual by the United States government.

If a form or statement provided to the county auditor under this section, IC 6-1.1-22-8.1, or IC 6-1.1-22.5-12 includes the telephone number or part or all of the Social Security number of a party or other number described in subdivision (4)(B) of a party, the telephone number and the Social Security number or other number described in subdivision (4)(B) included are confidential. The statement may be filed in person or by mail. If the statement is mailed, the mailing must be postmarked on or before the last day for filing. The statement applies for that first year and any succeeding year for which the deduction is allowed. To obtain the deduction for a desired calendar year in which property taxes are first due and payable, the statement must be completed and dated in the immediately preceding calendar year and filed with the county auditor on or before January 5 of the calendar year in which the

property taxes are first due and payable.

(f) Except as provided in subsection (n), if a person who is receiving, or seeks to receive, the deduction provided by this section in the person's name:

(1) changes the use of the individual's property so that part or all of the property no longer qualifies for the deduction under this section; or

(2) is not eligible for a deduction under this section because the person is already receiving:

(A) a deduction under this section in the person's name as an individual or a spouse; or

(B) a deduction under the law of another state that is equivalent to the deduction provided by this section;

the person must file a certified statement with the auditor of the county, notifying the auditor of the person's ineligibility, not more than sixty (60) days after the date of the change in eligibility. A person who fails to file the statement required by this subsection may, under IC 6-1.1-36-17, be liable for any additional taxes that would have been due on the property if the person had filed the statement as required by this subsection plus a civil penalty equal to ten percent (10%) of the additional taxes due. The civil penalty imposed under this subsection is in addition to any interest and penalties for a delinquent payment that might otherwise be due. One percent (1%) of the total civil penalty collected under this subsection shall be transferred by the county to the department of local government finance for use by the department in establishing and maintaining the homestead property data base under subsection (i) and, to the extent there is money remaining, for any other purposes of the department. This amount becomes part of the property tax liability for purposes of this article.

(g) The department of local government finance may adopt rules or guidelines concerning the application for a deduction under this section.

(h) This subsection does not apply to property in the first year for which a deduction is claimed under this section if the sole reason that a deduction is claimed on other property is that the individual or married couple maintained a principal residence at the other property on the assessment date in the same year in which an application for a deduction is filed under this section or, if the application is for a homestead that is assessed as personal property, on the assessment date in the immediately preceding year and the individual or married couple is moving the individual's or married couple's principal residence to the property that is the subject of the application. Except as provided in subsection (n), the county auditor may not grant an individual or a married couple a deduction under this section if:

(1) the individual or married couple, for the same year, claims the deduction on two (2) or more different applications for the

deduction; and

(2) the applications claim the deduction for different property.

(i) The department of local government finance shall provide secure access to county auditors to a homestead property data base that includes access to the homestead owner's name and the numbers required from the homestead owner under subsection (e)(4) for the sole purpose of verifying whether an owner is wrongly claiming a deduction under this chapter or a credit under IC 6-1.1-20.4, IC 6-1.1-20.6, or IC 6-3.6-5 (after December 31, 2016). Each county auditor shall submit data on deductions applicable to the current tax year on or before March 15 of each year in a manner prescribed by the department of local government finance.

(j) A county auditor may require an individual to provide evidence proving that the individual's residence is the individual's principal place of residence as claimed in the certified statement filed under subsection (e). The county auditor may limit the evidence that an individual is required to submit to a state income tax return, a valid driver's license, or a valid voter registration card showing that the residence for which the deduction is claimed is the individual's principal place of residence. The department of local government finance shall work with county auditors to develop procedures to determine whether a property owner that is claiming a standard deduction or homestead credit is not eligible for the standard deduction or homestead credit because the property owner's principal place of residence is outside Indiana.

(k) As used in this section, "homestead" includes property that satisfies each of the following requirements:

(1) The property is located in Indiana and consists of a dwelling and the real estate, not exceeding one (1) acre, that immediately surrounds that dwelling.

(2) The property is the principal place of residence of an individual.

(3) The property is owned by an entity that is not described in subsection (a)(2)(B).

(4) The individual residing on the property is a shareholder, partner, or member of the entity that owns the property.

(5) The property was eligible for the standard deduction under this section on March 1, 2009.

(l) If a county auditor terminates a deduction for property described in subsection (k) with respect to property taxes that are:

(1) imposed for an assessment date in 2009; and

(2) first due and payable in 2010;

on the grounds that the property is not owned by an entity described in subsection (a)(2)(B), the county auditor shall reinstate the deduction if the taxpayer provides proof that the property is eligible for the deduction in accordance with subsection (k) and that the individual residing on the property is not claiming the deduction for any other

property.

(m) For assessment dates after 2009, the term "homestead" includes:

(1) a deck or patio;

(2) a gazebo; or

(3) another residential yard structure, as defined in rules adopted by the department of local government finance (other than a swimming pool);

that is assessed as real property and attached to the dwelling.

(n) A county auditor shall grant an individual a deduction under this section regardless of whether the individual and the individual's spouse claim a deduction on two (2) different applications and each application claims a deduction for different property if the property owned by the individual's spouse is located outside Indiana and the individual files an affidavit with the county auditor containing the following information:

(1) The names of the county and state in which the individual's spouse claims a deduction substantially similar to the deduction allowed by this section.

(2) A statement made under penalty of perjury that the following are true:

(A) That the individual and the individual's spouse maintain separate principal places of residence.

(B) That neither the individual nor the individual's spouse has an ownership interest in the other's principal place of residence.

(C) That neither the individual nor the individual's spouse has, for that same year, claimed a standard or substantially similar deduction for any property other than the property maintained as a principal place of residence by the respective individuals.

A county auditor may require an individual or an individual's spouse to provide evidence of the accuracy of the information contained in an affidavit submitted under this subsection. The evidence required of the individual or the individual's spouse may include state income tax returns, excise tax payment information, property tax payment information, driver license information, and voter registration information.

(o) If:

(1) a property owner files a statement under subsection (e) to claim the deduction provided by this section for a particular property; and

(2) the county auditor receiving the filed statement determines that the property owner's property is not eligible for the deduction;

the county auditor shall inform the property owner of the county auditor's determination in writing. If a property owner's property is not eligible for the deduction because the county auditor has determined that the property is not the property owner's principal place of

residence, the property owner may appeal the county auditor's determination as provided in IC 6-1.1-15. The county auditor shall inform the property owner of the owner's right to appeal when the county auditor informs the property owner of the county auditor's determination under this subsection.

(p) An individual is entitled to the deduction under this section for a homestead for a particular assessment date if:

(1) either:

(A) the individual's interest in the homestead as described in subsection (a)(2)(B) is conveyed to the individual after the assessment date, but within the calendar year in which the assessment date occurs; or

(B) the individual contracts to purchase the homestead after the assessment date, but within the calendar year in which the assessment date occurs;

(2) on the assessment date:

(A) the property on which the homestead is currently located was vacant land; or

(B) the construction of the dwelling that constitutes the homestead was not completed; and

(3) either:

(A) the individual files the certified statement required by subsection (e); or

(B) a sales disclosure form that meets the requirements of section 44 of this chapter is submitted to the county assessor on or before December 31 of the calendar year for the individual's purchase of the homestead.

An individual who satisfies the requirements of subdivisions (1) through (3) is entitled to the deduction under this section for the homestead for the assessment date, even if on the assessment date the property on which the homestead is currently located was vacant land or the construction of the dwelling that constitutes the homestead was not completed. The county auditor shall apply the deduction for the assessment date and for the assessment date in any later year in which the homestead remains eligible for the deduction. A homestead that qualifies for the deduction under this section as provided in this subsection is considered a homestead for purposes of section 37.5 of this chapter and IC 6-1.1-20.6.

(q) This subsection applies to an application for the deduction provided by this section that is filed for an assessment date occurring after December 31, 2013. Notwithstanding any other provision of this section, an individual buying a mobile home that is not assessed as real property or a manufactured home that is not assessed as real property under a contract providing that the individual is to pay the property taxes on the mobile home or manufactured home is not entitled to the deduction provided by this section unless the parties to the contract

comply with IC 9-17-6-17.

(r) This subsection:

(1) applies to an application for the deduction provided by this section that is filed for an assessment date occurring after December 31, 2013; and

(2) does not apply to an individual described in subsection (q).

The owner of a mobile home that is not assessed as real property or a manufactured home that is not assessed as real property must attach a copy of the owner's title to the mobile home or manufactured home to the application for the deduction provided by this section.

(s) For assessment dates after 2013, the term "homestead" includes property that is owned by an individual who:

(1) is serving on active duty in any branch of the armed forces of the United States;

(2) was ordered to transfer to a location outside Indiana; and

(3) was otherwise eligible, without regard to this subsection, for the deduction under this section for the property for the assessment date immediately preceding the transfer date specified in the order described in subdivision (2).

For property to qualify under this subsection for the deduction provided by this section, the individual described in subdivisions (1) through (3) must submit to the county auditor a copy of the individual's transfer orders or other information sufficient to show that the individual was ordered to transfer to a location outside Indiana. The property continues to qualify for the deduction provided by this section until the individual ceases to be on active duty, the property is sold, or the individual's ownership interest is otherwise terminated, whichever occurs first. Notwithstanding subsection (a)(2), the property remains a homestead regardless of whether the property continues to be the individual's principal place of residence after the individual transfers to a location outside Indiana. The property continues to qualify as a homestead under this subsection if the property is leased while the individual is away from Indiana and is serving on active duty, if the individual has lived at the property at any time during the past ten (10) years. Otherwise, the property ceases to qualify as a homestead under this subsection if the property is leased while the individual is away from Indiana. Property that qualifies as a homestead under this subsection shall also be construed as a homestead for purposes of section 37.5 of this chapter.".

"SECTION 68. IC 6-1.1-20.6-9.9, AS AMENDED BY P.L.238-2019, SECTION 9, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2023]: Sec. 9.9. (a) If:

(1) a school corporation after July 1, 2016, issues new bonds or enters into a new lease rental agreement for which the school corporation is imposing or will impose a debt service levy other

than:

(A) to refinance or renew prior bond or lease rental obligations existing before January 1, 2017; or

(B) indebtedness that is approved in a local public question or referendum under IC 6-1.1-20 or any other law; and

(2) the school corporation's:

(A) total debt service levy is greater than the school corporation's total debt service levy in 2016; and

(B) total debt service tax rate is greater than the school corporation's total debt service tax rate in 2016;

the school corporation is not eligible to allocate credits proportionately under this section.

(b) Subject to subsection (a), a school corporation is eligible to allocate credits proportionately under this section for 2019, 2020, 2021, 2022, or 2023 if the school corporation's percentage computed under this subsection is at least ten percent (10%) for its operations fund levy as certified by the department of local government finance. A school corporation shall compute its percentage under this subsection as determined under the following formula:

STEP ONE: Determine the amount of credits granted under this chapter against the school corporation's levy for the school corporation's operations fund.

STEP TWO: Determine the amount of the school corporation's levy that is attributable to new debt incurred after June 30, 2019, but is not attributable to the debt service levy described in subsection (a)(1)(B).

STEP THREE: Determine the result of the school corporation's total levy minus any referendum levy.

STEP FOUR: Subtract the STEP TWO amount from the STEP THREE amount.

STEP FIVE: Divide the STEP FOUR amount by the STEP THREE amount expressed as a percentage.

STEP SIX: Multiply the STEP ONE amount by the STEP FIVE percentage.

STEP SEVEN: Determine the school corporation's levy for the school corporation's operations fund.

STEP EIGHT: Divide the STEP SIX amount by the STEP SEVEN amount expressed as a percentage.

The computation must be made by taking into account the requirements of section 9.8 of this chapter regarding protected taxes and the impact of credits granted under this chapter on the revenue to be distributed to the school corporation's operations fund for the particular year.

(c) A school corporation that desires to be an eligible school corporation under this section must, before May 1 of the year for which it wants a determination, submit a written request for a certification by the department of local government finance that the computation of the

school corporation's percentage under subsection (b) is correct. The department of local government finance shall, not later than June 1 of that year, determine whether the percentage computed by the school corporation under subsection (b) is accurate and certify whether the school corporation is eligible under this section.

(d) For a school corporation that is certified as eligible under this section, the school corporation may allocate the effect of the credits granted under this chapter proportionately among all the school corporation's property tax funds that are not exempt under section 7.5(b) or 7.5(c) of this chapter, based on the levy for each fund and without taking into account the requirements of section 9.8 of this chapter regarding protected taxes as determined under the following formula:

STEP ONE: Determine the product of:

(A) the percentage determined under STEP EIGHT of subsection (b); multiplied by

(B) five (5).

STEP TWO: Determine the lesser of the STEP ONE percentage or one hundred percent (100%).

STEP THREE: Determine the product of:

(A) the amount determined under STEP SIX of subsection (b); multiplied by

(B) the STEP TWO percentage.

The school corporation may allocate the amount of credits determined under STEP THREE proportionately under this section. The department of local government finance shall include in its certification of an eligible school corporation under subsection (c) the amount of credits that the school corporation may allocate proportionately as determined under this subsection.

"SECTION 89. IC 6-6-5-10, AS AMENDED BY P.L.261-2013, SECTION 34, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2023]: Sec. 10. (a) The bureau shall establish procedures necessary for the collection of the tax imposed by this chapter and for the proper accounting for the same. The necessary forms and records shall be subject to approval by the state board of accounts.

(b) The county treasurer, upon receiving the excise tax collections, shall receipt such collections into a separate account for settlement thereof at the same time as property taxes are accounted for and settled in June and December of each year, with the right and duty of the treasurer and auditor to make advances prior to the time of final settlement of such property taxes in the same manner as provided in IC 5-13-6-3.

(c) As used in this subsection, "taxing district" has the meaning set forth in IC 6-1.1-1-20, "taxing unit" has the meaning set forth in IC 6-1.1-1-21, and "tuition support levy" refers to a school corporation's tuition support property tax levy under IC 20-45-3-11 (repealed) for the school corporation's general fund. The county auditor shall determine the total amount of excise taxes collected for each taxing district in the county and the amount so collected (and the

distributions received under section 9.5 of this chapter) shall be apportioned and distributed among the respective funds of the taxing units in the same manner and at the same time as property taxes are apportioned and distributed (subject to adjustment as provided in IC 36-8-19-7.5). However, for purposes of determining distributions under this section for 2009 and each year thereafter, a state welfare and tuition support allocation shall be deducted from the total amount available for apportionment and distribution to taxing units under this section before any apportionment and distribution is made. **Except as provided in subsection (f),** the county auditor shall remit the state welfare and tuition support allocation to the treasurer of state for deposit, as directed by the budget agency. The amount of the state welfare and tuition support allocation for a county for a particular year is equal to the result determined under STEP FOUR of the following formula:

STEP ONE: Determine the result of the following:

(A) Separately for 1997, 1998, and 1999 for each taxing district in the county, determine the result of:

(i) the amount appropriated in the year by the county from the county's county welfare fund and county welfare administration fund; divided by

(ii) the total amounts appropriated by all taxing units in the county for the same year.

(B) Determine the sum of the clause (A) amounts.

(C) Divide the clause (B) amount by three (3).

(D) Determine the result of:

(i) the amount of excise taxes allocated to the taxing district that would otherwise be available for distribution to taxing units in the taxing district; multiplied by

(ii) the clause (C) amount.

STEP TWO: Determine the result of the following:

(A) Separately for 2006, 2007, and 2008 for each taxing district in the county, determine the result of:

(i) the tax rate imposed in the taxing district for the county's county medical assistance to wards fund, family and children's fund, children's psychiatric residential treatment services fund, county hospital care for the indigent fund, children with special health care needs county fund, plus, in the case of Marion County, the tax rate imposed by the health and hospital corporation that was necessary to raise thirty-five million dollars ($35,000,000) from all taxing districts in the county; divided by

(ii) the aggregate tax rate imposed in the taxing district for the same year.

(B) Determine the sum of the clause (A) amounts.

(C) Divide the clause (B) amount by three (3).

(D) Determine the result of:

(i) the amount of excise taxes allocated to the taxing district that would otherwise be available for distribution to taxing units in the taxing district after subtracting the STEP ONE (D) amount for the same taxing district; multiplied by

(ii) the clause (C) amount.

(E) Determine the sum of the clause (D) amounts for all taxing districts in the county.

STEP THREE: Determine the result of the following:

(A) Separately for 2006, 2007, and 2008 for each taxing district in the county, determine the result of:

(i) the tuition support levy tax rate imposed in the taxing district plus the tax rate imposed by the school corporation for the school corporation's special education preschool fund in the district; divided by

(ii) the aggregate tax rate imposed in the taxing district for the same year.

(B) Determine the sum of the clause (A) amounts.

(C) Divide the clause (B) amount by three (3).

(D) Determine the result of:

(i) the amount of excise taxes allocated to the taxing district that would otherwise be available for distribution to taxing units in the taxing district after subtracting the STEP ONE (D) amount for the same taxing district; multiplied by

(ii) the clause (C) amount.

(E) Determine the sum of the clause (D) amounts for all taxing districts in the county.

STEP FOUR: Determine the sum of the STEP ONE, STEP TWO, and STEP THREE amounts for the county.

If the boundaries of a taxing district change after the years for which a ratio is calculated under STEP ONE, STEP TWO, or STEP THREE, the auditor of state shall establish a ratio for the new taxing district that reflects the tax rates imposed in the predecessor taxing districts. If a new taxing district is established after the years for which a ratio is calculated under STEP ONE, STEP TWO, or STEP THREE, the auditor of state shall establish a ratio for the new taxing district and adjust the ratio for other taxing districts in the county.

(d) Such determination shall be made from copies of vehicle registration forms furnished by the bureau of motor vehicles. Prior to such determination, the county assessor of each county shall, from copies of registration forms, cause information pertaining to legal residence of persons owning taxable vehicles to be verified from the assessor's records, to the extent such verification can be so made. The assessor shall further identify and verify from the assessor's records the several taxing units within which such persons reside.

(e) Such verifications shall be done by not later than thirty (30) days

after receipt of vehicle registration forms by the county assessor, and the assessor shall certify such information to the county auditor for the auditor's use as soon as it is checked and completed.

(f) This subsection applies only in the biennium beginning July 1, 2023, and ending June 30, 2025. Of the state welfare and tuition support allocation determined under subsection (c), the county auditor shall remit ten million dollars ($10,000,000) each state fiscal year to the treasurer of state for deposit in the complete streets grant program fund established by IC 8-23-2-21.".
