BUREAU OF BUDGET AND MANAGEMENT RESEARCH
COMMENTS ON BILL NO. 336-38 (COR)

The proposed legislation intends to add a new § 40146 to Article 1 of Chapter 40, Title 5, Guam Code Annotated, relative to assigning Lot 264-1-U3-A in Dededo to the Office of the Dededo Mayor (DMO) for the expansion of community sports and recreational facilities, and further authorizing that office to lease said property to the Guam Football Association (GFA) for the development of a football pitch, as shown in the attached Exhibit "A" (Liguan Park) attached to the bill. The proposed legislation authorizes the DMO to enter into a lease agreement with GFA for a period mutually agreed upon between the DMO and GFA not to exceed thirty (30) years. The lease agreement shall be limited to construction, management, and maintenance requirements, scheduling of games and events, sale of advertisement signage, and facility improvements, structures mutually agreed upon between the DMO and GFA consistent with Guam law. Additionally, the GFA shall not have authority to sublet, transfer or assign such lease to other parties without legislative approval.

The proposed legislation mandates that the portion of the property to be leased is solely used for the development of a football (soccer) pitch and other community sports and recreational facilities. The DMO shall ensure that the property remains accessible to the public and is not used for commercial purposes inconsistent with community recreation use. Further, the proposed legislation authorizes the DMO to seek funding from public and private sources and grants full authority to DMO over the planning and public procurement of construction, operation, repair, and maintenance of the facilities if public or grant funds are to be utilized. Additionally, all upkeep, improvements, and enforcement of maintenance of any lease shall be carried out under the direction and supervision of the DMO. The DMO may include additional community amenities such as walking paths, a children's playground, and a community pavilion or covered gathering area to enhance recreational opportunities and encourage community engagement, if space permits, to be designed and constructed in harmony with the primary purpose of the property as a football pitch and community sports and recreation area.

The proposed legislation also mandates that the Department of Land Management (DLM) to conduct a survey of the property within sixty (60) days following enactment, should the proposed legislation become law, in coordination with the Department of Public Works (DPW) and other relevant agencies as needed to establish and confirm the metes and bounds and to prepare an official survey map of the property. The DLM is authorized to undertake such actions as may be necessary to complete the survey and to subdivide the property if needed. Lastly, the proposed legislation has a reversionary clause that mandates the property shall revert back to the Government of Guam should the property identified is not utilized for the purposes authorized within ten (10) years of enactment.

Absent correspondence from the Mayors' Council of Guam pertinent to the anticipated revenue from lease agreements, the costs of maintenance and upkeep of the property and facilities, in addition to the construction/rehabilitation of the property in accordance with the proposed legislation, the Bureau is unable to determine the true fiscal impact to the Government of Guam. The Bureau notes that additional potential fiscal impact may result from the DMO seeking local appropriation for purposes authorized in the proposed legislation. Additional costs may also be incurred through the survey of the property in coordination between DLM and DPW. However, absent information from DLM and DPW, a specific fiscal impact relative to these costs cannot be ascertained at this time.
