Proposed Changes to February 21, 2023 printing by AM100821

## DIGEST OF PROPOSED AMENDMENT

ESG commitment. Specifies that the bill does not apply to certain entities, actions taken, or factors considered. Provides that if the treasurer of state concludes that the service provider has made an ESG commitment, the treasurer of state shall place the name of the service provider on a list maintained and published by the treasurer of state and provide the name of the service provider and research supporting the conclusion to the board of trustees of the Indiana public retirement system (board). Prohibits the board from making an investment decision with the purpose of influencing any social or environmental policy or attempting to influence the governance of any corporation for nonfinancial purposes. Prohibits the Indiana public retirement system (system) from making an ESG commitment with respect to system assets. Provides that in making and supervising investments of the system, the board shall discharge its duties solely in the financial interest of the participants and beneficiaries of the system for the exclusive purposes of providing financial benefits to participants and beneficiaries and defraying reasonable expenses of administering the system. Prohibits the board from entering a contract or modifying, amending, or continuing a contract with a service provider that has made an ESG commitment and is on the list maintained and published by the treasurer of state, unless taking the action violates the board's fiduciary duty to the system's participants and beneficiaries. Allows the board to continue contracting with a service provider that has made an ESG commitment if the board determines that there is not a comparable service provider to replace the service provider. Requires the board to, at least annually, tabulate and report all proxy votes made by a service provider that is not a private market fund in relation to the administration of the system. Specifies certain persons and entities that are immune from civil liability and entitled to indemnification. Requires the board to: (1) ensure that reasonable efforts are made during the due diligence process before an investment is made and in monitoring investments in the public employees' defined contribution plan, an annuity savings account for the public employees' retirement fund or the Indiana state teachers' retirement fund, the teachers' defined contribution plan, the legislators' defined contribution plan, and a private market fund to determine whether any investments would
