**FISCAL IMPACT STATEMENT**

**LS 6959**

**BILL NUMBER:** HB 1528

**NOTE PREPARED:** Feb 2, 2023

**BILL AMENDED:** Feb 2, 2023

**SUBJECT:** Transition to Teaching.

**FIRST AUTHOR:** Rep. Heine

**FIRST SPONSOR:**

**BILL STATUS:** CR Adopted - 1<sup>st</sup> House

**FUNDS AFFECTED:**     **GENERAL**  
                              **X DEDICATED**  
                              **FEDERAL**

**IMPACT:** State & Local

**Summary of Legislation:** (Amended) This bill provides that an individual enrolled in an alternative teacher certification program may apply for a one time scholarship under the Next Generation Hoosier Educators Scholarship Program. It requires an applicant to possess a baccalaureate degree, agree to obtain an initial practitioner license, and teach at a qualifying school for five years. It also provides that the total annual amount of scholarships awarded from the Next Generation Hoosier Educators Scholarship Fund to individuals enrolled in an alternative teacher certification program may not exceed \$1 M. The bill provides that the maximum amount of a scholarship is \$10,000. It also requires that an awarded scholarship must be repaid under certain conditions.

**Effective Date:** July 1, 2023.

**Explanation of State Expenditures:** This bill is likely to increase expenditures from the Fund, as well as workload for the Commission for Higher Education (CHE), which administers the Program and the Fund. Any increase in expenditures or workload can be met within CHE's existing resources.

(Revised) **Additional Information:** The Program currently allows for awards of up to \$7,500 per applicant for four years, or a total of \$30,000. This bill expands eligibility to those pursuing an alternative teacher certification and specifies that those recipients are eligible for a single scholarship of up to \$10,000, with a maximum single-year expenditure of \$1 M for alternative certifications. [In fiscal years 2021 and 2022, there were approximately 650 recipients with a mean award of about \$7,300 each, for total annual expenditures of \$4.7 M and \$4.8 M respectively.]

**Explanation of State Revenues:**

**Explanation of Local Expenditures:** This bill is likely to increase the number of people who pursue certification through an alternative teacher certification program, which will expand the pool of available teachers as well as improve retention for schools that hire scholarship recipients. Both traditional and alternative certification program recipients have the same obligation to teach in an eligible school for at least 5 years after certification as well as the requirement to repay the scholarship under certain conditions. Schools that hire a scholarship recipient could have lower costs associated with faculty turnover.

**Explanation of Local Revenues:**

**State Agencies Affected:** Commission for Higher Education.

**Local Agencies Affected:** Public schools that hire scholarship recipients.

**Information Sources:** Joshua Garrison, Commission for Higher Education.
