(1) applies only to an operating referendum tax levy under IC 20-46-1 approved by the voters before January 1, 2023, that is imposed by a school corporation for taxes first due and payable in 2024 and 2025;

(2) does not apply to an operating referendum tax levy under IC 20-46-1:

(A) approved by the voters during a time that the school corporation imposing the levy was designated as a distressed political subdivision; or

(B) approved by the voters after December 31, 2022, and before January 1, 2025, that is imposed by a school corporation for taxes first due and payable in 2024 or 2025; and

(3) does not apply to any other tax year.

(b) As used in this section, "ADM" refers to the school corporation's average daily membership used to determine the state tuition support distribution under IC 20-43. In the case of a school corporation that has entered into an agreement with one (1) or more charter schools to participate as an innovation network charter school under IC 20-25.7-5, the term includes the average daily membership of **students described in IC 20-25.7-5-2(b)(2)** of any innovation network charter school that is treated as a school operated by the school corporation **with regard to students described in IC 20-25.7-5-2(b)(2)** when calculating the total amount of state tuition support to be distributed to the school corporation.

(c) Notwithstanding any increase in the assessed value of property from the previous assessment date, for taxes first due and payable in 2024, the total amount of operating referendum tax that may be levied by a school corporation may not exceed the lesser of:

(1) the maximum operating referendum tax that could have been levied by the school corporation if the maximum referendum rate was imposed for taxes first due and payable in 2023 multiplied by one and three-hundredths (1.03); or

(2) the maximum operating referendum tax that could otherwise be levied by the school corporation for taxes first due and payable in 2024.

The tax rate for an operating referendum tax levy shall be decreased, if necessary, to comply with this limitation.

(1) The maximum operating referendum tax that could have been levied by the school corporation if the maximum referendum rate was imposed for taxes first due and payable in the immediately preceding calendar year, as adjusted by this section, multiplied by the result determined under STEP SEVEN of the following formula:

STEP ONE: Subtract:

(i) the school corporation's spring count of ADM made in the calendar year preceding by five (5) years the calendar year in which the property taxes are first due and payable; from

(ii) the school corporation's spring count of ADM made in the immediately preceding calendar year.

STEP TWO: Divide the STEP ONE result by four (4).

STEP THREE: Divide the STEP TWO result by the school corporation's spring count of ADM made in the calendar year preceding by five (5) years the calendar year in which the property taxes are first due and payable.

STEP FOUR: Multiply the STEP THREE amount by one and five-tenths (1.5).

STEP FIVE: Add the STEP FOUR result and one and six-hundredths (1.06).

STEP SIX: Determine the greater of the STEP FIVE result or one and six-hundredths (1.06).

STEP SEVEN: Determine the lesser of the STEP SIX result or one and twelve-hundredths (1.12).

(2) The maximum operating referendum tax that could otherwise be levied by the school corporation for taxes first due and payable in the current calendar year.

The tax rate for an operating referendum tax levy shall be decreased, if necessary, to comply with this limitation.

(e) The department of education shall provide to the department of local government finance each school corporation's applicable ADM counts as needed to make the determinations under this section.

(b) Except as provided in subsections (c) and (d), a participating innovation network charter school must enroll any eligible student who submits a timely application for enrollment.

(c) A participating innovation network charter school that reconstitutes or establishes an eligible school may limit new admissions to the participating innovation network charter school to:

- (1) ensure that any student with legal settlement in the attendance area, or in ~~the school corporation~~ **any school corporation with which the participating innovation network charter school has entered into an agreement under this chapter** if the school does not have a defined attendance area, may attend the charter school;
- (2) ensure that a student who attends the participating innovation network charter school during a school year may continue to attend the charter school in subsequent years;
- (3) allow the siblings of a student alumnus or a current student who attends the participating innovation network charter school to attend the charter school;
- (4) allow preschool students who attend a Level 3 or Level 4 Paths to QUALITY program preschool to attend kindergarten at the participating innovation network charter school if the participating innovation network charter school and the school

(d) A participating innovation network charter school with a curriculum that includes study in a foreign country may deny admission to a student if:

(1) the student:

(A) has completed fewer than twenty-two (22) academic credits required for graduation; and

than ten percent (10%) of the participating innovation charter school's total population and there is sufficient capacity for a program, class, grade level, or building to ensure that any student with legal settlement in the attendance area may attend the school.

(f) This subsection applies to an existing charter school that enters into an innovation network agreement with ~~the~~ a board. During the charter school's first year of operation as a participating innovation network charter school, the charter school may limit admission to:

If a participating innovation network charter school receives a greater number of applications than there are spaces for students, each timely applicant must be given an equal chance of admission. The participating innovation network charter school that is not in a county containing a consolidated city must determine which of the applicants will be admitted to the participating innovation network charter school or the program, class, grade level, or building by random drawing in a public meeting with each timely applicant limited to one (1) entry in the drawing. However, the participating innovation network charter school located in a county with a consolidated city shall determine which of the applicants will be admitted to the participating innovation network charter school or the program, class, grade level, or building by using a publicly verifiable random selection process.

(1) reside in the geographic boundaries of the school corporation; and

(2) are enrolled in the participating innovation network charter school;

in accordance with the school funding formula to the participating innovation network charter school.

(b) Unless an agreement entered into before July 1, 2024, between a board and an organizer provides otherwise, all participating

32 (5) The intervention includes continual assessment and in depth
 33 analysis of each student's data to inform the flexible movement in
 34 and out of Tiers II and III.

 8 subsections (c) and (d), the complexity index is the percentage of the
 9 school corporation's students who were receiving Supplemental
 10 Nutrition Assistance Program (SNAP) benefits, Temporary Assistance
 11 for Needy Families (TANF) benefits, or foster care services as of
 12 October 1 in the school year ending in the later of:

13 (1) 2025; or

15 (b) For a conversion charter school, the percentage determined
 16 under this section is the percentage of the sponsor school corporation.

17 (c) Except as provided in subsection (d), the complexity index for
 18 a school corporation that has entered into an agreement with one (1) or
 19 more charter schools to participate as an innovation network charter
 20 school under IC 20-25.7-5 for a state fiscal year is equal to the result
 21 using the following formula:

22 STEP ONE: Determine:

23 (A) the school corporation's enrollment; minus

24 (B) the enrollment **of students described in**
 25 **IC 20-25.7-5-2(b)(2)** of each participating innovation network
 26 charter school.

27 STEP TWO: Determine the number of students in the school
 28 corporation who were receiving Supplemental Nutrition
 29 Assistance Program (SNAP) benefits, Temporary Assistance for
 30 Needy Families (TANF) benefits, or foster care services as of
 31 October 1 in the school year ending in 2025, not including

 5 network charter school.

6 STEP SIX: Divide the result of STEP FIVE by the result of STEP
 7 FOUR.

8 STEP SEVEN: For each participating innovation network charter
 9 school, determine the greater of:

10 (A) the result of STEP THREE; or

11 (B) the result of STEP SIX.

12 STEP EIGHT: For each participating innovation network charter
 13 school, multiply the result of STEP SEVEN by the result of STEP
 14 FOUR.

15 STEP NINE: Determine the sum of:

16 (A) the result of STEP TWO; plus

17 (B) the results of STEP EIGHT, for each participating
 18 innovation network charter school.

19 STEP TEN: Determine the sum of:

20 (A) the result of STEP ONE; plus

21 (B) the results of STEP FOUR for each participating
 22 innovation network charter school.

23 STEP ELEVEN: Divide the STEP NINE result by the STEP TEN
 24 result.

25 (d) If the complexity index of a participating innovation network
 26 charter school that was established before January 1, 2016, is, for the
 27 current school year, greater than the complexity index for the school
 28 corporation with which the innovation network charter school has
 29 contracted, the complexity index of the participating innovation
 30 network charter school is determined as described in IC 20-25.7-5-2(e).
