1 federal Bureau of Economic Analysis.

2 (b) Except as provided in subsections (c) and (e), for purposes of  
3 determining a civil taxing unit's maximum permissible ad valorem  
4 property tax levy for an ensuing calendar year, the civil taxing unit  
5 shall use the maximum levy growth quotient determined in the last  
6 STEP of the following STEPS:

7 STEP ONE: For each of the six (6) calendar years immediately  
8 preceding the year in which a budget is adopted under  
9 IC 6-1.1-17-5 for the ensuing calendar year, divide the Indiana  
10 nonfarm personal income for the calendar year by the Indiana  
11 nonfarm personal income for the calendar year immediately  
12 preceding that calendar year, rounding to the nearest  
13 one-thousandth (0.001).

14 STEP TWO: Determine the sum of the STEP ONE results.

15 STEP THREE: Divide the STEP TWO result by six (6),  
16 rounding to the nearest one-thousandth (0.001).

17 STEP FOUR: Determine the lesser of the following:

18 (A) The STEP THREE quotient.

19 (B) One and six-hundredths (1.06).

20 (c) Except as provided in subsection (f), a school corporation, **or,**  
21 **in the case of a school city (as defined in IC 20-25-2-12), the public**  
22 **education corporation,** shall use for its operations fund maximum  
23 levy calculation under IC 20-46-8-1 the maximum levy growth quotient  
24 determined in the last STEP of the following STEPS:

25 STEP ONE: Determine for each school corporation, the average  
26 annual growth in net assessed value using the three (3) calendar  
27 years immediately preceding the year in which a budget is  
28 adopted under IC 6-1.1-17-5 for the ensuing calendar year.

29 STEP TWO: Determine the greater of:

30 (A) zero (0); or

31 (B) the STEP ONE amount minus the sum of:

32 (i) the maximum levy growth quotient determined  
33 under subsection (b) minus one (1); plus

34 (ii) two-hundredths (0.02).

35 STEP THREE: Determine the lesser of:

36 (A) the STEP TWO amount; or

37 (B) four-hundredths (0.04).

38 STEP FOUR: Determine the sum of:

39 (A) the STEP THREE amount; plus

40 (B) the maximum levy growth quotient determined under  
41 subsection (b).

42 STEP FIVE: Determine the greater of:

(A) the STEP FOUR amount; or

(B) the maximum levy growth quotient determined under subsection (b).

(d) The budget agency shall provide the maximum levy growth quotient for the ensuing year to civil taxing units, school corporations, **the public education corporation (in the case of a school city (as defined in IC 20-25-2-12))**, and the department of local government finance before July 1 of each year.

(e) This subsection applies only for purposes of determining the maximum levy growth quotient to be used in determining a civil taxing unit's maximum permissible ad valorem property tax levy in calendar years 2024, 2025, and 2026. For purposes of determining the maximum levy growth quotient in calendar years 2024, 2025, and 2026, instead of the result determined in the last STEP in subsection (b), the maximum levy growth quotient is determined in the last STEP of the following STEPS:

STEP ONE: Determine the result of STEP FOUR of subsection (b), calculated as if this subsection was not in effect.

STEP TWO: Subtract one (1) from the STEP ONE result.

STEP THREE: Multiply the STEP TWO result by eight-tenths (0.8).

STEP FOUR: Add one (1) to the STEP THREE result.

STEP FIVE: Determine the lesser of:

(A) the STEP FOUR result; or

(B) one and four-hundredths (1.04).

(f) This subsection applies only for purposes of determining the maximum levy growth quotient to be used in determining a school corporation's, **or, in the case of a school city (as defined in IC 20-25-2-12), the public education corporation's**, operations fund maximum levy in calendar years 2024, 2025, and 2026. For purposes of determining the maximum levy growth quotient in calendar years 2024, 2025, and 2026, instead of the result determined in the last STEP in subsection (c), the maximum levy growth quotient is determined in the last STEP of the following STEPS:

STEP ONE: Determine the result of STEP FIVE of subsection (c), calculated as if this subsection was not in effect.

STEP TWO: Subtract one (1) from the STEP ONE result.

STEP THREE: Multiply the STEP TWO result by eight-tenths (0.8).

STEP FOUR: Add one (1) to the STEP THREE result.

SECTION 10. IC 20-26-7-47, AS AMENDED BY P.L.36-2024, SECTION 2, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 47. (a) The following definitions apply throughout this section:

(1) "Covered school building" has the meaning set forth in IC 20-26-7.1-2.1.

(2) "Current school year" refers to a year in which the governing body is required to conduct a review of school building usage under subsection (c).

(3) "Enrollment" refers to the following:

(A) Except as provided in clause (B), students counted in ADM (as defined in IC 20-43-1-6) in the first count date for a school year fixed under IC 20-43-4-3.

(B) With regard to a school corporation, students counted in a school corporation's fall count of ADM minus all students counted in the fall count of ADM who are enrolled in eligible schools that:

(i) have entered into an agreement with the school corporation to participate as a participating innovation network charter school under IC 20-25.7-5; and

(ii) are included in the school corporation's fall ADM count.

(4) "Interested person" has the meaning set forth in IC 20-26-7.1-2.2.

(b) This section:

(1) applies to a school corporation only if:

(+) (A) the total student enrollment for in-person instruction in the school corporation in the current school year is at least ten percent (10%) less than the student enrollment for in-person instruction in the school corporation in a school year that precedes the current school year by five (5); and

(-) (B) the school corporation in the current school year has more than one (1) school building serving the same grade level as the school building subject to closure under this section; **and**

**(2) does not apply to a school city (as defined in IC 20-25-2-12).**

(c) Each school year, the governing body of a school corporation shall review the usage of school buildings used by the school corporation to determine whether any school building should be closed for the ensuing school year and subsequent school years.

(d) A school corporation shall close a school building for the ensuing school year (and subsequent school years) if:

(1) at any time the school building had been used for classroom instruction;

(2) in the current school year and the two (2) school years immediately preceding the current school year the school building was underutilized for classroom instruction purposes or

other allowable uses specified by this section;

(3) as of the end of the school year before the school building is required to be closed under this section, the school corporation was not subject to a transitional plan adopted by the governing body and approved by the department to use the school building for an allowable use not later than the next school year after the school building is otherwise required to be closed under this section;

(4) in the case of a school building that was used in any part in the current school year for instructional purposes, the school corporation has another school building:

(A) with sufficient capacity to take the students using the school building being considered for closure; and

(B) that does not require more than twenty (20) minutes of travel time by car or bus from the school building being considered for closure; and

(5) the school building is not a school building described in IC 20-26-7.1-1, IC 20-26-7.1-3(b), IC 20-26-7.1-3(c), or IC 20-26-7.1-3(d).

(e) For purposes of this section, a school building is underutilized in a school year if the school building is not used for any of the following allowable uses:

(1) The number of full-time equivalent students enrolled for in-person instruction in the school building on instructional days (as determined under IC 20-30-2) for instructional purposes, averaged over the current school year and the two (2) school years immediately preceding the current school year, is at least fifty percent (50%) of:

(A) the known classroom design capacity of the school building; or

(B) if the design capacity is not known, the average maximum full-time equivalent enrollment in any of the last twenty-five (25) years, as validated by records created or maintained by the department.

(2) The school corporation demonstrates through facts included in a resolution that the school building is being used and that it is financially prudent to continue to use the school building, considering all community resources, for a distinct student population that reasonably cannot be served through integration with the general school population, such as students attending an alternative education program (as defined in IC 20-30-8-1). However, to be an allowable use under this subdivision, the

average number of full-time equivalent students using the school building in a school year for instructional purposes must be at least thirty percent (30%) of:

(A) the known classroom design capacity of the school building; or

(B) if the design capacity is not known, the average maximum full-time equivalent enrollment in any of the last twenty-five (25) years, as validated by records created or maintained by the department; and

(if multiple school buildings are used for the same purposes) combining the student populations into fewer school buildings is not reasonably feasible.

(3) The school corporation demonstrates through facts included in a resolution that the school building is being used and that it is financially prudent to continue to use the school building, considering all community resources, for administrative or other school offices. However, to be an allowable use under this subdivision, at least fifty percent (50%) of the square footage of the school building must be used for offices, the personnel headquartered in the school building must consistently use the space for office purposes, and the occupancy cost of using the school building cannot be more than comparable office space that is available in the school district.

(4) The school corporation demonstrates through facts included in a resolution that the school building is being used and that it is financially prudent to continue to use the school building, considering all community resources, for storage. However, to be an allowable use under this subdivision, at least fifty percent (50%) of the square footage of the school building must be used for storage, on average the storage space must be used to capacity, and the cost of using the school building for storage must be less than comparable storage space that is available in the school district.

(5) The school corporation demonstrates through facts included in a resolution that the school building is being used and that it is financially prudent to continue to use the school building, considering all community resources, for a combination of office space and storage. However, to be an allowable use under this subdivision, at least fifty percent (50%) of the square footage of the school building must be used for a combination of office space and storage and:

(A) the personnel headquartered in the school building must

consistently use the office space for office purposes, and the occupancy cost of using the office space, calculated using the costs of operating the school building, cannot be more than comparable office space that is available in the school district; and

(B) on average, the storage space must be used to capacity and the cost of using the school building for storage must be less than comparable storage space that is available in the school district.

(f) Closure of a school building that is:

(1) owned by the school corporation or any other entity that is related in any way to, or created by, the school corporation or the governing body; or

(2) jointly owned in the same manner by two (2) or more school corporations;

shall be carried out in conformity with IC 20-26-7.1.

(g) Before filing a petition under subsection (h), a charter school or state educational institution that is interested in a school corporation's school building must give written notice to the school corporation to determine whether an agreement can be reached regarding the school corporation making the school building available for lease or purchase under IC 20-26-7.1.

(h) If an agreement is not reached within forty-five (45) days after the date that the school corporation receives the notice under subsection (g), the charter school or state educational institution may petition the department to initiate or the department on its own may initiate a proceeding for a determination as to whether a school building meets the criteria for closure under this section or a covered school building that is no longer used for classroom instruction by a school corporation should be made available under IC 20-26-7.1. If a charter school or state educational institution petitions the department under this subsection, the charter school or state educational institution must provide a copy of the petition to the applicable school corporation.

(i) An interested person that is not otherwise a party to the proceeding may intervene in the proceeding under subsection (h) as a party. The school corporation has the burden of going forward with the evidence and the burden of proof to demonstrate that the school building does not meet the criteria for closure or the covered school building is not required to be made available under IC 20-26-7.1.

(j) Not more than sixty (60) days after receiving notice of a petition under subsection (h), the school corporation must:

- 1 (1) file a response to the petition that notifies the department that  
 2 the school corporation:  
 3 (A) is not contesting the petition; or  
 4 (B) is contesting the petition and states the facts upon which  
 5 the school corporation relies in contesting the petition; and  
 6 (2) provide a copy of the response to the petitioner and any  
 7 intervening party.  
 8 (k) If the school corporation:  
 9 (1) files a response that the school corporation is not contesting  
 10 the petition; or  
 11 (2) fails to submit a timely response under subsection (j);  
 12 the department shall issue an order granting the petition. A petition and  
 13 any response or reply are public documents.  
 14 (l) If a school corporation contests a petition under subsection (j),  
 15 a party to the proceeding has not more than sixty (60) days after the  
 16 date that the school corporation files a response under subsection (j) to  
 17 submit a reply to the school corporation's response.  
 18 (m) The department shall make a determination regarding a  
 19 petition under subsection (h) not more than one hundred twenty (120)  
 20 days after the date that the:  
 21 (1) petitioner and any intervening party have submitted a reply  
 22 under subsection (l); or  
 23 (2) time period to reply under subsection (l) has expired.  
 24 (n) A school corporation or another party to the proceeding may  
 25 file with the state board a petition requesting review of the department's  
 26 determination. Upon receipt of a petition under this subsection, the  
 27 state board shall review the department's determination. An appeal to  
 28 the state board shall be subject to the procedure described in  
 29 IC 20-26-11-15(b).  
 30 (o) Upon the issuance of a final unappealable order granting a  
 31 petition, the school corporation shall make the school building  
 32 available for lease or purchase in accordance with IC 20-26-7.1.

(2) A school corporation to which all of the following apply:

(A) The county auditor distributes revenue after May 10, 2023, as required under IC 20-46-1-21 or IC 20-46-1-22 to each eligible charter school.

Any claim of exemption based on payment of proceeds from a referendum passed without such notice is void.
