

# PROPOSED AMENDMENT

## SB 10 # 7

### DIGEST

Public employee benefits. Delays the effective date of the bill's provisions until January 1, 2028, and makes related changes throughout the bill to reflect the delayed effective date. Redirects the part of cigarette tax revenues that would be transferred to the state comptroller under the current bill to the state general fund. Removes a provision that would have allowed the: (1) interim study committee on pension management oversight (PMOC) to study in each odd-numbered year whether the maximum state contribution should be increased and make a recommendation to the budget agency if it determines that the maximum contribution should be increased; and (2) budget agency to increase the maximum state contribution following a recommendation from PMOC.
