IMPACT: State

Summary of Legislation: This bill amends the membership of the Board of Trustees of Indiana University.

Effective Date: Upon passage.

Explanation of State Expenditures: This bill requires three members of the Indiana University Board of Trustees to be elected Indiana University alumni. An election for the three positions will be held in FY 2026, and the three new members will replace three members currently serving on the board as specified in the bill. Beginning, FY 2027, one of these three positions will be up for election every year.

The university librarian is responsible for conducting elections, and may adopt rules and regulations necessary for this end. A list of all candidates nominated for a trustee position must be mailed to each alumnus at the alumnus' address. All Indiana University alumni are eligible to cast three votes in the FY 2026 election, and one vote in every other election, by electronic or printed ballot. These changes will result in an increase in workload and administrative expenditures for Indiana University. To the extent that previous rules and infrastructure supporting Indiana University Board of Trustees elections can be reestablished, increases to workload and expenditures may be mitigated. [SEIs receive state funding through General Fund appropriations].

Additional Information:

- In FY 2024, 20,101 alumni voted in the board election.
- Indiana University currently has over 805,000 degree-holding alumni.
