13 intelligence system, the use of the artificial intelligence system in the interface must be disclosed.

14
15 **NEW SECTION. Section 4. Required review.** If an artificial intelligence system produces a
16 recommendation or decision for a government entity or state officer that could impact the rights, duties, or
17 privileges and immunities of a person, the recommendation or decision must be reviewed and is subject to
18 rejection or modification by a human in an appropriate responsible position.
