

1 HOUSE BILL NO. 466

2 INTRODUCED BY J. FITZPATRICK

3

4 A BILL FOR AN ACT ENTITLED: "AN ACT PROVIDING FOR CATEGORICAL EXCLUSIONS IN THE
5 MONTANA ENVIRONMENTAL POLICY ACT; PROVIDING AN EXEMPTION TO THE DEPARTMENT OF
6 ADMINISTRATION FOR CONSTRUCTION AND MAINTENANCE ON STATE LAND; PROVIDING AN
7 EXEMPTION TO THE DEPARTMENT OF COMMERCE FOR HISTORIC PRESERVATION GRANTS;
8 AMENDING SECTION 75-1-220, MCA; AND PROVIDING AN EFFECTIVE DATE."

9

10 WHEREAS, in 2024, the Department of Environmental Quality formed a dedicated work group to
11 review and facilitate numerous open public discussions about the agency's implementation of the Montana
12 Environmental Policy Act;

13 WHEREAS, the department work group found that the definitions of certain terms in statute and rule, or
14 the lack of definitions, creates unnecessary confusion and challenges in the implementation of a defensible
15 Montana Environmental Policy Act;

16 WHEREAS, recommendation 3C from the department work group's final report suggests presenting
17 legislation to clarify problematic terms and definitions to provide more certainty for decisionmakers,
18 practitioners, applicants, and the public and to reduce the need for the courts to rely on federal definitions or
19 case law;

20 WHEREAS, the department work group specifically identified the term "categorical exclusion" as
21 lacking a definition in statute, although it is defined in model rules;

22 WHEREAS, the federal government, both in rulemaking and statute, has previously adopted numerous
23 categorical exclusions under the National Environmental Policy Act; and

24 WHEREAS, it is the will of the Legislature to add clarity to the Montana Environmental Policy Act by
25 codifying the term "categorical exclusions" to clearly provide state agencies with the authority to identify actions
26 that do not have a significant impact on the human environment and to exclude those actions from the Montana
27 Environmental Policy Act.

28

1 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

2

3 NEW SECTION. Section 1. Agency determination of categorical exclusion. (1) (a) A state agency
4 as defined in 2-4-102 shall identify actions that meet the definition of a categorical exclusion as provided in 75-
5 1-220.

6 (b) A state action identified by a state agency as a categorical exclusion is exempt from the
7 provisions of Title 75, chapter 1, parts 1 and 2.

8 (c) A state action determined by the state agency as meeting the requirements of a categorical
9 exclusion under the National Environmental Policy Act, 42 U.S.C. 4321 et seq., and 40 CFR, parts 1500
10 through 1508, is exempt from the provisions of Title 75, chapter 1, parts 1 and 2. The state agency shall
11 maintain a list of categorical exclusions on the agency's website, including a description or basis of the agency
12 determination of categorical exclusion.

13 (2) For a state action identified by a state agency as a categorical exclusion, there is a rebuttable
14 presumption that extraordinary circumstances do not exist and that neither an environmental analysis nor an
15 environmental impact statement is required.

16 (3) State agencies retain all existing authority provided in Title 75, chapter 1, parts 1 and 2, to
17 identify and adopt, as authorized by rule, categorical exclusions and programmatic environmental assessments.

18

19 NEW SECTION. Section 2. Report to legislature. State agencies as defined in 2-4-102 shall track
20 the number and use of categorical exclusions and make those available annually upon request of the
21 environmental quality council established in 5-16-101, including instances in which the agency identified
22 extraordinary circumstances.

23

24 NEW SECTION. Section 3. Exemption from environmental review. The department of
25 administration is exempt from the provisions of Title 75, chapter 1, parts 1 and 2, when inspecting, contracting,
26 transferring funds, bonding, inventorying, and carrying out other general powers and duties of the department of
27 administration for the construction, renovation, or repair of a structure or utility infrastructure located above or
28 below ground on land owned by the state.
