(4) An audit conducted in accordance with this part is in lieu of any financial or financial and compliance audit of an individual financial assistance program that a local government is required to conduct under any other state or federal law or regulation. If an audit conducted pursuant to this part provides a state agency with the information that it requires to carry out its responsibilities under state or federal law or regulation, the state agency shall rely upon and use that information to plan and conduct its own audits or reviews in order to avoid a duplication of effort.

(5) In addition to the audits required by this section, the department may at any time conduct or contract for a special audit or review of the affairs of any local government entity referred to in this part.
