HB0847.001.001

HOUSE BILL NO. 847

INTRODUCED BY S. ROSENZWEIG

A BILL FOR AN ACT ENTITLED: "AN ACT PROVIDING FUNDING TO MANAGE GRIZZLY BEAR POPULATIONS; PROVIDING AN APPROPRIATION; AND PROVIDING AN EFFECTIVE DATE."

WHEREAS, Montana Fish, Wildlife, and Parks breaks Montana into seven regions for purposes of administration and oversight; and

WHEREAS, Region 3 in Southwest Montana includes the counties of Beaverhead, Broadwater, Gallatin, Jefferson, Lewis and Clark, Madison, Park, Silver Bow, and part of Deer Lodge and encompasses 18,089 square miles, which is approximately 12% of the total land area of Montana; and

WHEREAS, Region 3 is home to both an expanding grizzly bear population and a growing human presence. As human development increases and bear ranges continue to expand, the frequency and complexity of human-wildlife interactions will also rise, necessitating additional resources for Fish, Wildlife, and Parks staff to effectively manage conflicts; and

WHEREAS, Region 3 encompasses a vast geographical area, characterized by challenging terrain that makes it impractical for current staff to respond to incidents occurring at opposite ends of the region within the same day. Furthermore, bear management often requires extended periods of focused effort in specific locations, sometimes lasting weeks, which can leave other areas in the region without adequate oversight; and

WHEREAS, additional bear technician staffing in Region 3 will not only enhance the agency's capacity to manage grizzly bear populations effectively but also demonstrate a tangible commitment, both in human resources and financial investment, toward the responsible management of a fully recovered grizzly bear population.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

NEW SECTION. **Section 1. Appropriation.** (1) There is appropriated \$210,000 from the general
