" 2-4-702. —(Temporary) Initiating judicial review of contested cases. (1) (a) Except as provided in 75-2-213 and 75-20-223, a person who has exhausted all administrative remedies available within the agency and who is aggrieved by a final written decision in a contested case is entitled to judicial review under this chapter. This section does not limit use of or the scope of judicial review available under other means of review, redress, relief, or trial de novo provided by statute.

(b) — A party who proceeds before an agency under the terms of a particular statute may not be precluded from questioning the validity of that statute on judicial review, but the party may not raise any other

question not raised before the agency unless it is shown to the satisfaction of the court that there was good cause for failure to raise the question before the agency.

(2) (a) Except as provided in 75-2-211, 75-2-213, and subsections (2)(c) and (2)(e) of this section, proceedings for review must be instituted by filing a petition in district court within 30 days after service of the final written decision of the agency or, if a rehearing is requested, within 30 days after the written decision is rendered. Except as otherwise provided by statute, subsection (2)(d), or subsection (2)(e), the petition must be filed in the district court for the county where the petitioner resides or has the petitioner's principal place of business or where the agency maintains its principal office. Copies of the petition must be promptly served upon the agency and all parties of record.

(b) The petition must include a concise statement of the facts upon which jurisdiction and venue are based, a statement of the manner in which the petitioner is aggrieved, and the ground or grounds specified in 2-4-704 (2) upon which the petitioner contends to be entitled to relief. The petition must demand the relief to which the petitioner believes the petitioner is entitled, and the demand for relief may be in the alternative.

(c) If a petition for review is filed pursuant to 33-16-1012 (2)(c), the workers' compensation court, rather than the district court, has jurisdiction and the provisions of this part apply to the workers' compensation court in the same manner as the provisions of this part apply to the district court.

(d) If a petition for review is filed challenging a licensing or permitting decision made pursuant to Title 75 or Title 82, the petition for review must be filed in the county where the facility is located or proposed to be located or where the action is proposed to occur.

(e) (i) A party who is aggrieved by a final decision on an application for a permit or change in appropriation right filed under Title 85, chapter 2, part 3, may petition the district court or the water court for judicial review of the decision. If a petition for judicial review is filed in the water court, the water court rather than the district court has jurisdiction and the provisions of this part apply to the water court in the same manner as they apply to the district court. The time for filing a petition is the same as provided in subsection (2)(a).

(ii) If more than one party is aggrieved by a final decision on an application for a permit or change in appropriation right filed under Title 85, chapter 2, part 3, the district court where the appropriation right is located has jurisdiction. If more than one aggrieved party files a petition but no aggrieved party files a petition in the district court where the appropriation right is located, the first judicial district, Lewis and Clark County, has

1 jurisdiction.

2 (iii) — If a petition for judicial review is filed in the district court, the petition for review must be filed in
3 the district court in the county where the appropriation right is located.

4 (3) — Unless otherwise provided by statute, the filing of the petition may not stay enforcement of the
5 agency's decision. The agency may grant or the reviewing court may order a stay upon terms that it considers
6 proper, following notice to the affected parties and an opportunity for hearing. A stay may be issued without
7 notice only if the provisions of 27-19-315 through 27-19-317 are met.

8 (4) — Within 30 days after the service of the petition or within further time allowed by the court, the
9 agency shall transmit to the reviewing court the original or a certified copy of the entire record of the proceeding
10 under review. By stipulation of all parties to the review proceedings, the record may be shortened. A party
11 unreasonably refusing to stipulate to limit the record may be required by the court to pay the additional costs.
12 The court may require or permit subsequent corrections or additions to the record. (Terminates September 30,

18 means of review, redress, relief, or trial de novo provided by statute.

19 (b) A party who proceeds before an agency under the terms of a particular statute may not be
20 precluded from questioning the validity of that statute on judicial review, but the party may not raise any other
21 question not raised before the agency unless it is shown to the satisfaction of the court that there was good
22 cause for failure to raise the question before the agency.

4 in 2-4-704(2) upon which the petitioner contends to be entitled to relief. The petition must demand the relief to
5 which the petitioner believes the petitioner is entitled, and the demand for relief may be in the alternative.

7 rather than the district court, has jurisdiction and the provisions of this part apply to the workers' compensation
8 court in the same manner as the provisions of this part apply to the district court.

9 (d) If a petition for review is filed challenging a licensing or permitting decision made pursuant to
10 Title 75 or Title 82, the petition for review must be filed in the county where the facility is located or proposed to
11 be located or where the action is proposed to occur.

13 on an application for a permit or change in appropriation right filed under Title 85, chapter 2, part 3 or 4, may
14 petition the district court or the water division court for judicial review of the decision.

15 (3) Unless otherwise provided by statute, the filing of the petition may not stay enforcement of the
16 agency's decision. The agency may grant or the reviewing court may order a stay upon terms that it considers
17 proper, following notice to the affected parties and an opportunity for hearing. A stay may be issued without
18 notice only if the provisions of 27-19-315 through 27-19-317 are met.
