

SENATE BILL NO. 186

INTRODUCED BY B. USHER, V. RICCI, W. GALT, S. GIST, A. REGIER, M. REGIER, B. LER, K. ZOLNIKOV

A BILL FOR AN ACT ENTITLED: "AN ACT PROVIDING PROCEDURES FOR EXPEDITED PROCESSING IN DISTRICT COURTS OF WATER CASES ARISING UNDER FINAL DECREES; PROVIDING FOR THE CESSATION OF OPERATIONS OF THE WATER COURT, WATER DIVISIONS, AND WATER JUDGES AS FINAL DECREES ARE ENTERED; PROVIDING THAT DISTRICT COURTS ASSUME JURISDICTION ONCE FINAL DECREES ARE ENTERED; AMENDING SECTIONS 3-7-101, 3-7-212, 3-7-224, 3-7-501, 85-2-214, 85-2-234, 85-2-236, 85-2-309, AND 85-2-406, MCA; AND PROVIDING A RETROACTIVE APPLICABILITY DATE."

WHEREAS, the Montana general stream adjudication established by Senate Bill No. 76 during the 1979 Montana Legislature was explicitly designed as a temporary judicial system with limited jurisdiction to adjudicate water rights as they existed on July 1, 1973; and

WHEREAS, the Montana Water Court, created to implement this system, has operated in Bozeman for over 44 years and is projected to complete its work within the next decade; and

WHEREAS, the temporary nature of the Water Court was a core feature of the original legislation, with the express understanding that the Water Court's sole purpose was to adjudicate pre-1973 water rights; and

WHEREAS, maintaining the Water Court beyond its intended role represents an unnecessary expansion of government, especially when local District Courts are fully capable of and have historically handled water rights enforcement; and

WHEREAS, maintaining local control of water rights administration and enforcement, as outlined in Senate Bill No. 76 in 1979, was a foundational principle of the legislation and remains the most effective way to ensure accountability and responsiveness to the needs of Montanans; and

WHEREAS, transitioning water rights jurisdiction back to local District Courts once the limited work of the Water Court is complete upholds the principles of limited government and good governance, reinforces local control, and fulfills the commitment to eliminate unnecessary administrative layers; and

WHEREAS, the 69th Legislature intends to fulfill the original intent of Senate Bill No. 76 (1979) by

1 providing for the systematic phaseout of the Water Court as adjudication is completed on a basin-by-basin
2 basis, ultimately returning jurisdiction to local District Courts and ensuring that future legislatures finalize the
3 necessary statutes to fully eliminate the Water Court from state government.

26 ~~the court alters rights based upon abandonment, waste, or illegal enlargement or change of right.~~ In cases
27 involving permits issued by the department, the court may not amend the respective rights established in the
28 permits or alter any terms of the permits unless the permits are inconsistent or interfere with rights and priorities

1 established in the final decree. The order settling the controversy must be appended to the final decree, and a
2 copy must be filed with the department. The department must be served with process in any proceeding under
3 this subsection, and the department may, in its discretion, intervene in the proceeding.
