DIGEST: This bill provides for statutory changes necessary to enact the K-12 statutory provisions of the Budget Act of 2020.

ANALYSIS: This bill, as part of the 2020-21 Budget package, makes statutory changes to implement the 2020-21 Budget Act. Specifically, this bill:

K-12 Education

- 1) Extends the deadline for the Department of Education to develop a standardized English language teacher observation protocol for use by teachers in evaluating a pupil's English language proficiency from June 30, 2020, to December 31, 2021.
- 2) Amends various sections of Education Code to specify that amounts calculated for the Local Control Funding Formula and specified other calculations are considered final as of the certification of the second principal apportionment after five years.
- 3) Defers a total of \$11 billion in principal apportionment payments to local educational agencies (LEAs) from the 2020-21 fiscal year to the 2021-22

fiscal year in the amounts of \$1.5 billion from February to November of 2021, \$2.4 billion from March to October of 2021, \$2.4 billion from April to September of 2021, \$2.4 billion from May to August of 2021, and \$2.4 billion from June to July of 2021. This bill also defers \$1.9 billion in principal apportionment payments to LEAs from June 2020 to July 2021. If, pursuant to Control Section 8.28 of the Budget Act of 2020, the Director of Finance determines that there are sufficient federal funds provided to the state for the 2020-21 fiscal year that may be used to offset the deferral amounts, the Director of Finance shall reduce the deferral amounts starting with the deferrals occurring earliest in the 2020-21 fiscal year.

- 4) Allows for up to \$100 million in each of February, March, April, May, and June of 2020-21 of the warrants to be deferred in each of these months to instead be drawn in the month they were scheduled to be paid originally for LEAs that meet specified fiscal hardship exemption requirements.
- 5) Reverts \$300 million in available unspent funds from the full-day kindergarten facilities grant program to the General Fund, make future allocations from the program contingent upon appropriation by the legislature, and make other technical amendments.
- 6) Allows school districts to deposit proceeds from the sale or lease of surplus property into the general fund of the school district for one-time general fund purposes with specified conditions through the 2023-24 fiscal year.
- 7) Eliminates the requirement for the approval by the State Board of Education for school district joint occupancy agreements.
- 8) Limits appeals to the State Board of Education regarding school district territory transfers by prohibiting appeals when a county committee on school district reorganization disapproves a territory transfer.
- 9) Extends deadlines for local education agencies to provide for an audit, and for the related oversight and reporting requirements.
- 10) Suspends the statutory split of Proposition 98 funding between K-12 education and California Community Colleges in the 2020-21 fiscal year.
- 11) Provides a new multi-year payment obligation designed to supplement funding provided by Proposition 98. This new obligation would designate 1.5 percent of General Fund Revenues per year to K-14 education beginning in 2021-22 to provide \$12.4 billion over a multi-year period. This funding would accelerate the recovery of the Proposition 98 Guarantee from reductions due

to the impact of COVID-19 and increase the Proposition 98 share of General Fund from 38 to 40 percent in a Test 1 year by 2023-24.

- 12) Extends the timeline for the Fiscal Crisis and Management Assistance Team to complete the required written status report for school districts who have received emergency loans from every six months, to an annual report. This bill also includes clarifying amendments to grandfather in existing charter schools operated by or located on tribal land from AB 1507 location requirements.
- 15) Allows school districts, for the 2020-21 and 2021-22 fiscal years if the state enacts deferrals of payments owed to school districts, to use inter-fund borrowing of up to 85 percent between funds for payment of obligations to help mitigate any necessary cash deferrals related to the economic impacts of the COVID-19 pandemic. Districts exercising this option would be required to hold a public hearing prior to considering a resolution authorizing the temporary transfer.
- 16) Specifies the following related to instruction, attendance, and calculation of apportionments in the 2020-21 fiscal year:
 - a) A hold-harmless is provided for the purpose of calculating apportionment in the 2020-21 fiscal year; the Department of Education shall use the average daily attendance in the 2019-20 fiscal year reported from July 1, 2019, to February 29, 2020, as specified in this bill, except for new charter schools commencing instruction in 2020-21.

 - h) Charter schools offering distance learning pursuant to this section of this bill are not required to request a material revision to the charter. Classroom based charter schools that offer distance learning pursuant to this section will not be considered a non-classroom based charter in the 2020-21 fiscal year if they provide distance learning.
