## SENATE COMMITTEE ON BUDGET AND FISCAL REVIEW

Senator Nancy Skinner, Chair

2021 - 2022 Regular

---

**Bill No:** AB 128 **Hearing Date:** June 14, 2021  
**Author:** Committee on Budget  
**Version:** June 10, 2021 As amended  
**Urgency:** No **Fiscal:** No  
**Consultant:** Joe Stephenshaw

**Subject:** Budget Act of 2021

**Summary:** This bill contains the 2021 Budget Act. This bill represents a budget package that authorizes General Fund expenditures of \$195.5 billion and assumes \$201.9 billion in total General Fund resources. Under this budget act, there are combined total reserves in the Budget Stabilization Account (BSA), the Special Fund for Economic Uncertainties (SFEU), the Public School System Stabilization Account (PSSSA) and the Safety Net Reserve of approximately \$25.5 billion.

**Background:** The budget builds on priorities put forward in the Assembly's "A Budget of Opportunity" blueprint, the Senate's "Build Back Boldly" plan, and the Governor's May Revision. The budget represents a responsible, yet bold and transformative spending plan.

The May Revision estimated \$76 billion in discretionary state funds to allocate in the 2021-22 fiscal year and the Legislative Analyst's Office (LAO) estimated \$38 billion. The differences in the estimates stem from differing definitions. The Governor's estimate includes constitutionally required spending on schools and community colleges, reserves, and debt payments while the LAO's does not. Regardless, the discretionary General Fund revenue combined with approximately \$27 billion in direct state federal funds from the American Rescue Plan Act provide for an unprecedented opportunity to make significant investments necessary to not only rebound from the COVID-19 pandemic but also address ongoing gaps in key programs and services that Californians rely upon.

California's economic bounce back is not by accident or due to good fortune. California's finances survived the COVID-19 economic crisis and have put the state in position to make transformative change due to:

1. A decade of responsible budgeting that provided the tools to get through the temporary downturn without having to impose economy harming cuts to programs or middle class tax increases;
2. Robust federal stimulus actions that kept families afloat and prevented the economy from spiraling out of control; and
3. A voter-approved, revenue system that requires all Californians to contribute, but relies more heavily on those Californians that can most afford to pay.

Due to the strengthened fiscal position of our state, the Legislature was able to maintain many of the Governor's key initiatives and make numerous additions that build off of the May Revision. These include:

- An additional 100,000 Child Care slots on top of the 100,000 proposed by the Governor, as well as \$1.1 billion in ongoing funds above the May Revision to implement Child Care Rate Reform.
- Financial Aid reforms that include the biggest expansion to Cal Grants since its inception and rebooting the Middle Class Scholarship to also supplement Cal Grant for the first time to cover non-tuition costs for students receiving Cal Grants.
- Expansion of Medi-Cal eligibility to all income eligible Californians 50-plus years of age, regardless of immigration status.
- Restoring 2/3 of what remains of the 2009 cut to SSI/SSP to provide modest increases in these grants for low income Californians with disabilities and the elderly.
- Phasing in the Developmental Services Provider Rate Study, over a three-year period, to help ensure providers receive fairer compensation and that families will continue to have access to the vital services provided.
- A permanent restoration of In-Home Supportive Services seven percent hours cut.
- Improvements to the CalWORKs program to better serve struggling families and help them get back on their feet.
- Providing state-funded nutrition benefits to those ineligible for CalFresh or the California Food Assistance Program solely due to immigration status.
- An \$8.5 billion investment in new funding for homelessness programs over the next two years, including \$1 billion ongoing in flexible local funding.
- Reducing the debt of low-income Californians by eliminating various criminal administrative fees, including the elimination of the civil assessment.
- Historic Resources and Infrastructure packages and investments.

### **Budget Framework**

The budget framework differs from the May Revision in two primary ways. First, it maximizes flexible federal funds to support and improve core programs. Second, the budget uses the revenue forecasts of the LAO, as well as up to date revenue performance through the month of May in the current fiscal year. The General Fund budget summary is as follows:

<b>2021-22 Budget General Fund Summary (Dollars in Millions)</b>		
	<b><u>2020-21</u></b>	<b><u>2021-22</u></b>
<b>Prior Year Balance</b>	<b>\$6,360.8</b>	<b>\$28,212.9</b>
Revenues and Transfers	183,149.2	177,550.9
Transfer to Budget Stabilization Account	4,512.0	-3,840.0
<b>Total Resources Available</b>	<b>\$194,022.0</b>	<b>\$201,923.8</b>
Non-Proposition 98 Expenditures	98,373.5	126,538.6
Proposition 98 Expenditures	67,435.6	69,009.3
<b>Total Expenditures</b>	<b>\$165,809.1</b>	<b>\$195,547.9</b>
<b>Fund Balance</b>	<b>\$28,212.9</b>	<b>\$6,375.9</b>
<b>Reserve for Liquidation of Encumbrances</b>	<b>\$3,175.1</b>	<b>\$3,175.1</b>
Special Fund for Economic Uncertainties	25,037.8	3,200.8
Safety Net Reserve	450.0	1,200.0
Budget Stabilization Account	12,034.0	15,874.0
Public School System Stabilization Account	2,195.2	5,274.2

This budget package includes total General Fund expenditures of \$195.5 billion for 2021-22, which is approximately \$29.7 billion more than revised 2020-21 expenditures. The BSA is projected to have a year-end reserve of \$15.9 billion, up from \$12.0 billion in 2020-21. Total reserves in 2021-22 are \$25.5 billion when accounting for the BSA, the SFEU, the PSSSA, and the Safety Net Reserve.

All told, the budget package contains total spending of \$261.4 billion when accounting for General Fund, bond funds and special funds.

**Proposed Law:** Major components of this bill include:

**K-12 Education, Child Care and Higher Education**

**K-12 Education**

1. Provides an increase to the Special Education program of more than \$1.1 billion in ongoing Proposition 98 General Fund. Of the total, approximately \$260 million is related to the funding of special education services for 3 to 5 year olds, and the

remaining funds are used to increase the statewide base rate in the special education formula.

2. Provides \$165.7 million Proposition 98 General Fund for the Community Schools Program.
