******* ANALYSIS ADDENDUM – SUSPENSE FILE *******

**The following information is revised to reflect amendments
adopted by the committee on August 13, 2026**

Fiscal Impact: The Office of Emergency Services (OES) estimates ongoing costs of \$2.2 million and 8.0 positions (General Fund) to handle the workload related to the expanded AAR requirements. Actual costs will depend on the number of jurisdictions involved, as well as the complexity and duration of disasters, as these factors dictate the volume of data collected and the time required to complete an AAR. Currently, there are 23 AARs in progress on the OES website.

Committee Amendments:

- Delete local agency AAR requirements.
