
SENATE COMMITTEE ON AGRICULTURE
Senator Anna Caballero, Chair
2025 - 2026 Regular

Bill No: AB 2588 **Hearing Date:** 6/16/26
Author: Hadwick
Version: 6/3/26
Urgency: No **Fiscal:** Yes
Consultant: Reichel Everhart

Subject: District agricultural associations: board of directors: vacancies

SUMMARY:

This bill would, if the Governor has not filled a vacancy on a Fair board within 90 days and the board of directors (BOD) has insufficient membership to establish a quorum, allow the BOD to temporarily appoint a director to fill the vacancy and to establish a quorum, as provided. Furthermore, this bill would authorize the Governor to appoint a different director to fill the vacancy for the unexpired term who would replace the temporary director on the board of directors, as specified.

BACKGROUND AND EXISTING LAW:

Existing law:

- 1) Divides the state into agricultural districts and provides for the management of these districts by district agricultural associations. (Food and Agriculture code (FAC) 3951).
- 2) Requires the officers of the association to consist of a BOD of 9 members, establishes a 4-year term of office for the directors, and requires the directors to be appointed by the Governor, as specified (FAC 3959-3964).

PROPOSED LAW:

This bill:

- 1) States if the Governor has not filled a vacancy on the board of directors within 90 days (Food and Agricultural Code Section 3959).

ARGUMENTS IN SUPPORT: According to the author:

“California’s fairs are important cultural and economic institutions which support agricultural education, local businesses, and community events throughout the state. On the other hand, many fairgrounds also function as critical infrastructure during emergencies--providing staging areas for disaster response and as evacuation centers during crises, such as wildfires. Unfortunately, prolonged delays to filling vacancies on fair boards have left some boards unable to achieve the quorum required to conduct business under state law. When a board cannot meet quorum, it cannot take the actions necessary to operate a fair. Assembly Bill 2588 provides a limited and practical solution by allowing a fair board to temporarily appoint a director when a vacancy has remained unfilled for 90 days and the board cannot otherwise reach quorum. These temporary appointments must meet existing eligibility requirements and may be replaced immediately when the Governor makes an official appointment. This measure ensures that fairs can continue serving their communities while preserving the Governor’s authority over permanent appointments.”

The California Fairs Alliance wrote in support of the bill stating, in part:

“California is home to 54 state-designated fairs, operated through District Agricultural Associations (DAAs). These fairs play a vital role in their communities by providing agricultural education, hosting cultural events, supporting local economies and serving as critical sites for emergency response and disaster preparedness. DAA boards are made up of nine directors; five directors are needed for votes to be taken for official actions and to approve financial investments. Unfortunately, there are many DAAs lacking a quorum. AB 2588 will ensure these fairs have the necessary quorum to conduct business and serve their local communities.

DAA directors serve four-year terms and are often small business owners, educators, farmers, ranchers, or civic leaders. They ensure the fair serves the interests of the local community and that necessary investments are made to guarantee the fairgrounds are safe gathering places for all Californians.

For these reasons, we support AB 2588 and appreciate your ongoing efforts to help California’s Fair Network. If you or your staff have any questions, please do not hesitate to contact us.”

ARGUMENTS IN OPPOSITION:

None received
