***** ANALYSIS ADDENDUM – SUSPENSE FILE *****

The following information is revised to reflect amendments
adopted by the committee on August 13, 2026

Fiscal Impact: Major annual costs, likely in the \$2 million range to the Department of State Hospitals (DSH) for significantly increase workload to operate the DSH Conditional Release Program for Sexually Violent Predators (CONREP-SVP) and for increased placement-related litigation, including the Department of Justice. Further restricting CONREP-SVP potential housing placements will lengthen the placement process with associated costs though more certainty from defining day care centers and private schools may reduce some placement related costs. Significant ongoing workload to search and assess prospective properties in coordination with county stakeholders via housing committee meetings (General Fund).

Unknown, potentially significant annual costs to house CONREP-SVPs in state facilities due to fewer prospective properties.

Unknown, potentially significant annual sunk costs when a potential housing placement becomes unavailable due to a later licensing of a day care center or private school (General Fund).

Committee Amendments: Conform the day care provisions to the private school provisions.
