

ASSEMBLY THIRD READING

ACR 102 (Ramos)

As Introduced June 25, 2025

Majority vote

SUMMARY

Recognizes the importance of California Native American Day, celebrated this year on September 26, 2025, and the annual California Indian Cultural Awareness Conference, to the enhancement of awareness of California Indian culture.

Major Provisions

- 1) More Native Americans call California home and the state includes more federally recognized Indian tribes than any other state in the United States. The cultural and governmental contributions of the Native people of California have shaped the course of the state throughout history.
- 2) California designates the fourth Friday of every September as Native American Day. California Native American Day is celebrated in this state by tribes and communities across the state, and is a day for educators of California to teach factual California Indian history in schools.
- 3) California Indian tribes are committed to continue contributing to the educational curricula provided by the state and believe in providing new and improved educational resources about the varied cultural histories of, and governance models used by, California Native Americans.
- 4) This is the seventh California Native American Day since Governor Gavin Newsom issued an executive order apologizing for the historical wrongs tolerated, encouraged, subsidized, and committed by state actors against California Native Americans.
- 5) Significant legislation signed into law since 2018, includes: Assembly Bill 338 (Ramos) Chapter 280, Statutes of 2021, an act replacing a monument on the State Capitol grounds with a monument created with the input of local tribal nations; Assembly Bill 1703 (Ramos) Chapter 477, Statutes of 2022, commonly referred to as the California Indian Education Act; Assembly Bill 1314 (Ramos) Chapter 476, Statutes of 2022, an act establishing the Feather Alert, a notification system for missing or murdered indigenous people; Assembly Bill 2022 (Chapter 479, Statutes of 2022), an act prohibiting the use of a racist and misogynistic slur for geographic features and place names in the State of California; Assembly Bill 1284 (Chapter 657, Statutes of 2024), an act authorizing the Natural Resources Agency to enter into co-governance and co-management agreements with federally recognized tribes to manage shared natural resources; Assembly Bill 2108 (Ramos) Chapter 660, Statutes of 2024, an act refining the notification practices of the foster care system when youth go missing; and, Assembly Bill 2348 (Ramos) Chapter 661, Statutes of 2024, an act making the process for requesting a Feather Alert much easier for families when loved ones go missing.
- 6) We can never undo the wrongs inflicted on the people who have lived on this land that we now call home, but we can work together to build bridges, tell the truth about California's past, and begin to heal deep wounds.

- 7) The Governor has also called for a Truth and Healing Council to hear testimony and clarify the historical record on the relationship between the state and California Native Americans.
- 8) The California Indian Cultural Awareness Conference will be held concurrently with California Native American Day and will assist educators by providing new educational resources regarding the rich and varied lives of the California Indian Nations.

COMMENTS

According to the Author

ACR 102 will celebrate and honor the important achievements and contributions of California Native Americans by recognizing September 26, 2025, as California Native American Day. The acknowledgment in ACR 102 is a step in the effort to end the genocide by erasure of California's First People.
