ASSEMBLY COMMITTEE ON RULES  
Blanca Pacheco, Chair  
HR 81 (Aguiar-Curry) – As Introduced February 5, 2026

**SUBJECT:** Women’s History Month.

**SUMMARY:** Proclaims the month of March 2026 as Women’s History Month; and, provides that the Assembly takes pleasure in joining the United States Congress and the California Commission on the Status of Women and Girls in honoring the contributions of women. Specifically, **this resolution** makes the following legislative findings:

- 1) Women of every culture, class, and ethnic background have been essential participants in the founding and building of our nation and the State of California, and have made historic and substantial contributions to the growth and strength of our nation and state.
- 2) Women have been and continue to be groundbreakers in every facet of our economic, civic, academic and cultural life, and responsible for significant “firsts” in business, science, athletics, technology, medicine, arts, and culture.
- 3) Women have been leaders in every movement for social change, including their own movement for suffrage and equal rights, the fight for emancipation, the struggle to organize labor unions, and the civil rights movement, as well as leading the call for peace and organizing to preserve the environment.
- 4) Despite the significant contributions women have made, many achievements by women have been largely overlooked and unacknowledged, which has contributed to the pervasive gender inequity present throughout American society.
- 5) The observance of Women’s History Week was initiated by the Sonoma County Commission on the Status of Women in 1978, an occasion that was then enacted by Congress in 1987 as National Women’s History Month in perpetuity in acknowledgment that the significant contributions made by women to every field of American life were largely undocumented and unknown and deserve to be recognized.
- 6) The achievements of the women who have gone before us will enable contemporary women and men to create tomorrow’s history by working toward an end to physical and sexual violence against women, discrimination and harassment in employment and education, and the relegation to poverty status of many women.
- 7) Women’s History Month is now commemorated throughout the nation by states, schools, historians, and community groups, providing an opportunity to focus attention on the historical role and accomplishments of women so all can benefit from an awareness of these contributions.
- 8) Women’s History Month will be not only a call to acknowledge the outstanding American, and in particular, Californian, women whose names we know, but also a call to pay homage to the many women who have anonymously shaped our collective past.
