COMMENTS:

Each year, there is typically a K-12 education omnibus bill that makes various technical, conforming, clarifying, and non-controversial revisions to the Education Code. Typically, staff with the Senate and Assembly education policy, fiscal, and budget committees and their minority party consultants, the Department of Finance, the California Department of Education, the Legislative Analyst's Office, and other similarly situated state government offices, identify statutes which need updating or correcting and propose corrections. Custom and practice provide that if offices or entities object to a proposed provision in the omnibus bill, that particular provision is not included.
