***** **ANALYSIS ADDENDUM – SUSPENSE FILE** *****

**The following information is revised to reflect amendments
adopted by the committee on January 22, 2026**

Fiscal Impact: Unknown, potentially significant costs to state and local law enforcement agencies to conduct the searches required by this bill and to notify the military of potential MPO violations. The California Constitution requires the state to reimburse local agencies for certain costs mandated by the state. Counties may claim reimbursement of those costs if the Commission on State Mandates determines that this bill creates a new program or imposes a higher level of service on local agencies.

Committee Amendments: Strike the provision in the bill that requires, before a hearing on the issuance or denial of a protective order, the court to ensure that a search is or has been conducted to determine if the subject of the proposed order has a current MPO as entered into the National Crime Information Center systems.
